

FACULTY POSITION
DEPARTMENT OF PHYSIOLOGY
LSU HEALTH – NEW ORLEANS

The Department of Physiology in the School of Medicine at LSU Health Sciences Center in New Orleans, LA seeks outstanding candidates with a PhD or equivalent degree for a tenure track faculty position at the assistant to full professor level. Special consideration will be given to candidates with significant extramural funding and research strengths in cardiovascular physiology or alcohol-related pathophysiology. Candidates with international distinction in cardiovascular research will be considered for the Louisiana Board of Regents Eminent Scholar Program Pfizer-Ardoin Superchair in Cardiovascular Research. Applicants are expected to lead an active, extramural-funded research program, mentor students and fellows, and participate in graduate and undergraduate teaching programs. Opportunities are available for interaction with the Centers of Excellence in Alcohol and Drug Abuse, Cancer, Cardiovascular Biology, and Neuroscience, which are supported by a state-of-the-art infrastructure including access to core laboratories in genomics, proteomics, imaging, and flow cytometry. The position will be supported by significant laboratory space and competitive salary and start-up package. Additional information about the department and faculty is available at the web site: <http://www.medschool.lsuhschool.edu/physiology/>. Qualified applicants with substantial record of scientific achievement should send their curriculum vitae, a summary of research plans, teaching statement, and the names of at least three references in a single PDF to: SOM-Recruits@lsuhsc.edu. LSUHSC is an Equal Opportunity Employer for females, minorities, individuals with disabilities and protected veterans (REFERENCE # 95-44964-061)
